

CASEMATE™

Water-Based Casing-In Bookbinding Adhesives

Delivering on the demands of casing-in operations

CASEMATE™ water-based adhesives are formulated specifically for casing-in hardcover books using a patent-pending, proprietary H.B. FULLER® technology that delivers outstanding performance and value.

CASEMATE™ adhesives can eliminate delaminations and deliver exceptional endsheet square.

Other casing-in adhesives can delaminate and cause failure, even after drying.

Reduces endsheet delaminations.
