

Winner of the 2009 CIP4 International Print Production Innovation Award (CIPPI) for “Best Process Automation Implementation – Emerging Markets”, during Print ‘09, Chicago.

EMIRATES PRINTING PRESS (L.L.C.)

A member of Oasis Investment Co. L.L.C. (Holding Company of Al Shirawi Group)

Emirates Printing Press, winner of the “Best Process Automation Implementation – Emerging Markets” Award, is the first graphic company in the Gulf region to implement the Connex system.

The Connex workflow system acts as a link between the Management Information

System (MIS) of “technique” and the prepress, press and postpress (Corona C15 high-speed perfect binder and PrimaPlus Tandem Amrys saddle stitcher from Muller Martini). Including as well all JDF (Job Defined Format) enabled equipment from other manufacturers.

We congratulate Emirates Printing Press for the CIPPI Award 2009:
